WHAT WE'RE LOVING THIS MONTH!

WHAT? We love celebrating our community of families and the amazing therapists, students, and families working together to make a difference. One big way we do that is by sharing the best of our work with our community.

WHEN? We are sharing our favorite ideas, projects, and resources to help families, teachers, and students explore their environment and better understand their world.

WHERE? We are sharing these ideas, projects, and resources on our website and in our newsletter.

WHY? We believe that families, teachers, and students have the best ideas, strategies, and resources to help others see and understand their world.

HOW? We are sharing these ideas, projects, and resources on our website and in our newsletter.

WE'RE LOVING THIS MONTH!
